EXPERIENCE

Senior Programmer

Apr 2024 - Present

Acty System India Pvt Ltd

Mumbai, MH

- Led backend development for scalable Multi-Function Printer (MFP) workflows in ASP.NET Core, integrating Angular frontend for seamless user interfaces—improved system performance by 30%
- Implemented secure Single Sign-On (SSO) integrations using Azure AD/SAML, enhancing authentication flows and resolving production issues 40% faster.
- Boosted API quality and maintainability through 100+ Postman test suites, advanced Visual Studio debugging, and Git version control—reduced troubleshooting time by 25%.

Programmer

June 2023 - Apr 2024

Acty System India Pvt Ltd

Mumbai, MH

- Built and optimized RESTful APIs in ASP.NET Web API (C#, Entity Framework, SQL Server), consumed by internal systems and client-facing Angular apps—cut request latency by 35%.
- Enhanced backend maintainability by applying Clean Architecture and SOLID principles, collaborating with QA to diagnose and resolve production bugs efficiently.
- Optimized SQL queries (joins, stored procedures, transactions) and workflows, streamlining efficiency across distributed systems.
